

Warp Speed and the Rollercoaster Ride through Hell

Greetings every one! Welcome to Bible study. It is only about one and one-half months away from the beginning of the new civil year, the year of the Creation of God, which begins the first day of Tishri. It is important for us to accurately keep the appointed times of God. Each new month begins with the sighting of the visible first crescent of the moon sighted in Jerusalem, Israel, which we are doing. The fixed mathematical Jewish calendar is a day ahead of the *rosh codesh* (new moon) this month.

We are to obey God rather than man. God rules the heavens and He has the whole world in his hands and teaches us the way we should go (*the way of life*). He teaches us from his word, which is truth. It is important and not a small matter. Many people today do not understand his word, so they disavow and disregard his truth. Especially religious people, who think they have it all, may not have any truth close to what they ought to have. Yet, they are proud, stubborn, and pugnacious with what they think they have, and browbeat those who question their authority using intimidation.

When Prime Minister Winston Churchill addressed members of the Canadian Parliament in 1942, he said “the military leaders of France were misled by their generals at the time of the French collapse. When I warned them that Britain would fight on alone, whatever they did, their generals told their Prime Minister and his divided cabinet, ‘In three weeks England will have her neck wrung like a chicken.’ Some chicken. Some neck!” Well, Britain fought with the help of the Americans and the west. Miracles happened and the Nazis went down to crushing defeat. I believe that God fought for Britain and American because we are his people and walked according to his word as Christian nations. We called on God and U.S. President F.D. Roosevelt called on God and He heard the pleas of our people and brought us victory in WW II. In those days we had not yet turned our backs on him.

Learn what happy people don't do. The reason they don't do these things is because doing them, would make them unhappy. From Aish.com, “7 Things Happy People Don't Do.” Sara Debbie Gutfreund says:

1. **They don't avoid risk.** Happy people are eager to try new things and venture into unfamiliar territory. They are willing to risk the comfort of certainty for the potential of growth.
2. **They don't seek everyone's approval.** Happy people don't seek validation or permission. They base their actions upon their own moral compasses.
3. They don't complain. Happy people don't have flawless lives, but they don't waste time thinking or talking about what's not going right. They're too busy striving to improve the present.
4. **They don't fear being alone.** They have healthy warm connections with others. But they have enough confidence in their own resources to be independent when necessary.

5. **They don't quit.** Happy people tolerate discomfort and thrive on challenge. They use setbacks to develop new strategies for their goals.
6. **They don't resent someone else's success.** Happy people celebrate the joys and achievements of people around them. They don't view anyone's accomplishment as a threat.
7. **They don't feel entitled.** Happy people know the world doesn't owe them anything. They use their blessings for good and seek to inspire others. They feel grateful for everything God gives to them."

The question is: How happy are you? Years ago, Al Capp's *Li'l Abner* comic strip had a character, called Joe Btfsplk, the world's most loving friend and worst jinx who always traveled with a dark cloud over his head. Are you like that? Do you carry an "old kit bag of troubles" right with you? If so, time to get rid of it! Remember what Christ said in **John 10:10**—"The thief does not come except to steal, and to kill, and to destroy. I have come that they may have life, and that they may have it more abundantly." Be willing to grow and overcome—change. Some people may feel that it is risky to examine the doctrines that their church teaches and to consider investigating because they might need to change.

Only Christ was perfect. However, we can take action and achieve our goals, so do not quit. "Quitters never win and winners never quit." To be a winner, there is one major lesson to learn—never quit, but persevere. "Great works are performed not by strength but by perseverance" (Samuel Johnson). **Matthew 24:13**—"But he who endures to the end shall be saved." **2 Corinthians 10:12**—"we dare not class ourselves or compare ourselves with those who commend themselves. But they, measuring themselves by themselves, and comparing themselves among themselves, are not wise." So don't resent it when others are blessed. Rejoice in your brother's blessing and success. **Romans 12:15**—"Rejoice with those who rejoice, and weep with those who weep." Be there for those who are in need. Comfort them.

We are to consider the end of our conduct. **Hebrews 13:1**—"Let brotherly love continue. Do not forget to entertain strangers, for by so doing some have unwittingly entertained angels. Remember the prisoners as if chained with them—those who are mistreated—since you yourselves are in the body also. Let your conduct be without covetousness; be content with such things as you have. For He Himself has said, 'I will never leave you nor forsake you.' So we may boldly say: 'The Lord is my helper; I will not fear. What can man do to me?' " "Remember those who rule over you, who have spoken the word of God to you, whose faith follow, considering the outcome of their conduct." **Verses 20-21**—"may the God of peace who brought up our Lord Jesus from the dead, that great Shepherd of the sheep, through the blood of the everlasting covenant, make you complete in every good work to do His will, working in you what is well pleasing in His sight, through Jesus Christ, to whom be glory forever and ever."

1 Peter 5:5—"Likewise you younger people, submit yourselves to your elders. Yes, all of you be submissive to one another, and be clothed with humility, for God resists the proud, but gives grace to the humble. Therefore humble yourselves under the mighty

hand of God, that He may exalt you in due time, casting all your care upon Him, for He cares for you.”

A lot of people have an attitude of entitlement. Do not think that the government is to take care of you. Trusting in the government handouts is an entitlement attitude which is a dirty rotten trap of Satan the devil. **Ecclesiastes 5:18**—Solomon has this to say about work. “Here is what I have seen: It is good and fitting for one to eat and drink, and to enjoy the good of all his labor in which he toils under the sun all the days of his life which God gives him; for it is his heritage. As for every man to whom God has given riches and wealth, and given him power to eat of it, to receive his heritage and rejoice in his labor—this is the gift of God. For, he will not dwell unduly on the days of his life, because God keeps him busy with the joy of his heart.”

We are to be content, but to also get out and work and earn a living. **Ecclesiastes 3:12-13**—“I know that nothing is better for them than to rejoice, and to do good in their lives, and also that every man should eat and drink and enjoy the good of all his labor—it is the gift of God. I know that whatever God does, it shall be forever.” The lesson is that God will bless you. **Ecclesiastes 2:24**—“Nothing is better for a man than that he should eat and drink, and that his soul should enjoy good in his labor. This also, I saw, was from the hand of God. For who can eat, or who can have enjoyment, more than I? For God gives wisdom and knowledge and joy to a man who is good in His sight.”

Psalms 112:1—“The generation of the upright will be blessed. Wealth and riches will be in his house, and his righteousness endures forever. Unto the upright there arises light in the darkness. He is gracious, and full of compassion, and righteous. A good man deals graciously and lends. He will guide his affairs with discretion. Surely he will never be shaken; the righteous will be in everlasting remembrance. He will not be afraid of evil tidings; his heart is steadfast, trusting in the Lord. His heart is established; he will not be afraid, until he sees his desire upon his enemies. He has dispersed abroad, he has given to the poor. His righteousness endures forever; his horn will be exalted with honor. The wicked will see it and be grieved; he will gnash his teeth and melt away; the desire of the wicked shall perish.” The key to happiness is to serve God, love your neighbor, your brothers and sisters. Then God will bless you.

If we sit and do nothing, it is the way to poverty, unhappiness, starvation and death. Do not be caught in this trap. Life is what we put into it—hard work and putting God first in our lives. I want to share these things with you. What you avoid can be just as important as what you pursue after. We need to avoid sin. The Ten Commandments are basically ten things to avoid doing. The fifth commandment is a positive commandment and one of promise: always be careful to honor your father and mother and you will be blessed. Avoid being critical of your father and mother and showing them disrespect. Following the Ten Commandments is the way of life with profound lessons when you are learning to obey God, and by following them you will be blessed. There is a lot more to the Ten Commandments than a quick reading.

I received another letter from a person who is new to Triumph and who has been seeking God's truth and learning about God's truth on the commandments, the calendar and many other subjects. She sent me a follow-up of a letter received from her previous LCG minister Steve Elliott, who first served in the military, and then became a police officer before becoming a church member. Later, he became a minister in David Hume's church (which broke from the United Church of God). Recently, he left Hume and joined the Living Church of God under Rod Meredith. This lady had recently received a letter from Elliott, basically disfellowshipping her from the LCG in stinging rebuke.

He said she did not know the Bible and was being led astray by following false teaching. His interrogating tactics on her while speaking on the telephone left her shaking. She asked him, who was he to tell her that she did not know the Bible? His answer was that he was educated as a minister and graduated from college, and "If the church had been wrong all these years God would have straightened us up." She wondered, even if God tried would they even have listened, since minister Elliott claimed that this issue about the calendar comes up every few years. So far, the LCG has not wanted to hear and refuses to listen. She told him the Jewish Sanhedrin is meeting in Israel and studying into the calendar, because they see the Jewish fixed calendar is getting further off. Since he said there was no Sanhedrin in Jerusalem, she gave him another link to an article about the Sanhedrin which is now putting Pope Francis on trial and will try him in absentia, unless he repents.

Steve Elliot's follow up letter said: "Thanks for the correction on the year, but you make my point. Dankenbring was disfellowshipped and discredited. He was off doctrinally when HWA was alive because I was in Pasadena then and had run-ins with him in 1980. Why are you listening to him? He is not a minister of God and has no authority about anything!" Her reply was, "I noticed that you stated, that Mr. Dankenbring was disfellowshipped by Mr. Herbert Armstrong forty or so years ago. It seems you have your story mixed up. Mr. Armstrong had been dead one full year when Mr. Dankenbring was disfellowshipped in 1987 by Larry Salyer at the behest of Joseph Tkach, Sr.— exactly one year to the very day after the death of Herbert Armstrong. This is verified by an article in *Servant's News* by Norm Edwards. You might want to set the record straight with the brethren and not put out this false information."

My wife, Cappy and I were friends of Steve's parents and our wedding reception was held in their home in Pasadena, however we were not as well acquainted with their three teenage boys. His information is incorrect and he needs to correct his out-right lies impugning my character. In 1980 I was a member in good standing when HWA was living and I never talked with or had discussions with Steve Elliott or had any run-ins with him. As to whether I am a minister of God or not, isn't for him to decide. Christ himself said to the Pharisees who asked, "By what authority are you doing these things? Who gave you this authority?" On whose authority do you cast out demons, heal sick people and the make the blind to see? Christ answered, "I also will ask you one thing, which if you tell me, I likewise will tell you by what authority I do these things: The baptism of John—where was it from—from heaven or from men?" They reasoned among themselves, saying, "If we say, 'From heaven,' He will say to us, 'Why then did you not

believe him?’ But if we say, ‘From men,’ we fear the multitude, for all count John as a prophet.” So they answered Jesus and said, “We do not know.” He said to them, “Neither will I tell you by what authority I do these things.”

Christ was ordained by Almighty God. John the Baptist was a prophet called by God and did not need human ordination, or human hands laid on him. God chose him and gave him his Holy Spirit. Whether, I am a servant of God, a minister of God or a nothing doing the work of men—that is for people to study and prove using the word of God as a standard of authority. If I am thundering and preaching the word of God, then believe it! If I am not, then show me the way that is right, and prove it. That is a fair, square deal that I ask. I know God has revealed these things to me, and I am trying to share it with everybody—even proud, stubborn and arrogant ministers walking around in the admiration of people just like the Pharisees in the days of Christ. **Luke 20:46**—Christ said to his disciples, “Beware of the scribes, who desire to go around in long robes, love greetings in the marketplaces, the best seats in the synagogues, and the best places at feasts, who devour widows’ houses, and *for a pretense make long prayers*. These will receive greater condemnation.” Pharisees love the admiration of men. It is the admiration and love of God that counts, not men.

Article: July 29, 2015—“Sanhedrin calls Pope Francis to Trial” The trial is slated to be held September 9, 2015 on Mt. Zion four days before Rosh Hoshana and the end of the Shemita year. The Sanhedrin says it will try the Pope in absentia if he does not show up. The modern Judaic court is made up of 71 scholars and rabbis. President Barack Obama is going to be called out for deliberately promoting genocide for the Jewish people by the nuclear treaty he has made with Iran which basically gives the Iranians permission to annihilate the Jews in the state of Israel. This is just like King Xerxes and Haman who wanted to kill every single Jew in the Persian Empire. God turned the tables. Pope Francis is called to trial because of his recognition of the Palestinians as having a State when they have no state and do not even recognize the state of Israel. This is a joining of forces to persecute and annihilate the Jews.

The Roman Catholic Church and Pope Francis have an attitude of hatred toward the Jews and are anti-Semitic toward the Jews. During WWII the Pope cooperated with Adolph Hitler and the Nazis in helping Nazi war criminals escape the allies and their justice. The church secretly smuggled them out of Germany and the occupied nations of Europe and using a *redline* to take the criminals to safety in South America—Argentina, Uruguay, Paraguay.

BreakingNewsIsrael.com—“Holy Sanhedrin: Jews put Pope Francis on Trial, unless the Pontiff retracts his statement that ‘the Jews have no right to the land of Israel or Jerusalem.’” “The revived religious high court which dates back to biblical times, is composed of 71 sages who now object to recent ties between the Vatican and the so-called state of Palestine. The Sanhedrin has no political status, however, it is composed of the greatest rabbis of the modern Jewish nation—men who have dedicated themselves to the Torah, serving God and Israel. The head of the rabbis in the Sanhedrin in Israel said we are here for matters great and small—those that pertain to Israel and those that to

pertain to other nations as well. It is part of the process of redemption and the nation of Israel, reestablishing the Sanhedrin and restoring the nation as it once was.” “For out of Zion shall the Torah go out and the word of God from Jerusalem.” They are making that true once again—making the law go out from Jerusalem through the Sanhedrin.

Two years ago the Vatican officially recognized the state of Palestine. Then in June of this year, the Vatican signed a treaty with this so-called Palestine State in which the Holy See switched diplomatic relations from the PLO (Palestinian Liberation Organization) to the *State of Palestine*. The Sanhedrin sent a letter to Pope Francis, “Because the Vatican recognized the organization known as the Palestinian Authority as a nation and has begun to refer to it as a nation in its documents,” and referred to the head of the PLO as “an angel of peace”. *Note*: The opposite of this statement is true. God has shown that He has reestablished Israel in the Middle East. He brought them back to the land of Israel through a series of miracles and enabled them to become a nation in 1948, and then he gave them a miraculous deliverance and victory in the Six Day War in 1967 and allowed them to conquer and regain possession of the Temple Mount.

“These actions, to our great dismay are consistent with a long series of actions and stances that are like in the days of the Roman Catholic religion that swore to persecute Israel because we refused to accept their messiah as the Messiah of Israel and to renounce our faith. The recent announcement made by the Vatican is a rebuke to the Jewish nation and to the Bible which you use to interpret the prophecies as if God has abandoned the original nation of Israel. We require of you an apology for your recognizing as a nation those who stole the land—those who are known as the Palestinian Authorities. We are informing the Vatican that the sole God-given right to the land of Israel is to the land and people of Israel. If his Honor the Pope and the Vatican do not apologize within two weeks of receiving this letter, and if he does not change his ways, we shall judge these actions in the court of Mt. Zion.” –The letter was signed, “The Secretariat of the Court of Mount Zion”. The authorized representatives of the High Court are Rabbi Yoel Schwartz, Rabbi Dov Levanoni, Rabbi Israel Ariel, Rabbi Daniel Stavsky, Rabbi Yehuda Edri, and Rabbi Dov Meir Shtein.

These 71 Jewish elders will enact the prophecy in **Obadiah 1:21**—“**The liberators shall come up Mount Zion to judge the mountains of Esau, and the kingdom shall be God’s.**” The mountain of Esau in this verse is Rome. The religion of Esau is the Roman Catholic Church. There is historical evidence to substantiate this. We read in the book of *Jasher* that Esau married into the family of the king of Chittim (Ancient Italy) and so the Italians inter-married with the children of Esau and became Edomites and Rome became a major part of Esau. The Pope says his call for a new global authority is to save humanity. He wants to create and be a part of a New World Order and a New World Religion.

Article: “End of the American Dream”, written by Michael Snyder. The American dream is becoming a nightmare and life as we know it is about to change. If you didn’t like “Agenda 21”, then you really are not going to like “The 2030 Agenda”. Next month, the United Nations is going to launch “The 2030 Agenda” at a major conference that will be

held from September 25th to September 27th in New York City. The Pope is actually traveling to New York to deliver an address which will kick off this conference. Unlike Agenda 21, which primarily focused on the environment, the 2030 Agenda is truly a template for governing the entire planet. In addition to addressing climate change, it also sets ambitious goals for areas such as economics, health, energy, education, agriculture, gender equality and a whole host of other issues. As you will see below, this global initiative is being billed as a “**new universal Agenda**” for humanity. If you are anything like me, alarm bells are going off in your head right about now.”

“The new UN agenda does not just address the environment – it also addresses issues such as poverty, agriculture, education and gender equality. **It is essentially a blueprint for governing the entire planet** and that sounds very much like what Pope Francis also wants. Pope Francis is going to give the speech that kicks off the UN conference in September where this new sustainable agenda will be launched. This radical new agenda (on steroids) goes much farther than *Agenda 21* ever did. On the stage with the Pope when this encyclical is formally released will be John Schellnhuber, a German professor that has some very radical views on climate change and happens to believe that we need a new global political authority and that our planet is overpopulated by at least six billion people. If he had his way, there would be an “Earth Constitution”, a “Global Council” directly elected by the people of the planet, and a “Planetary Court” that would be above all other courts on the globe. Has he been advising the Pope on these matters, and does the Pope share his vision of the future?”

I believe this is exactly what President Obama wants. Never in the history of the United Nations has a U.S. President taken the chairmanship of the powerful UN Security Council. Section 9 of the Constitution says: “No Title of Nobility shall be granted by the United States: And no Person holding any Office of Profit or Trust under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State.” Nonetheless, the rotating chairmanship of the council goes to the U.S. this month.

“The normal course of business would have U.S. Ambassador to the UN Susan Rice take the gavel. However, President Obama has decided to put himself in the driver’s seat and will preside over global nuclear non-proliferation and disarmament talks slated to begin September 24th. Barack Obama will cement the new co-operative relationship between the US and the United Nations this month when he becomes the first American president to chair its 15-member Security Council (the U.N.’s highest body).”

It is his desire to become the next Secretary General of the United Nations. I view things speeding up all around us and we are entering what the T.V. program, Star Trek, called *warp drive*. This mode of travel enables the star ship to go much faster than the speed of light. The speed of light in a vacuum, or empty space, is 186,000 miles per second or six trillion miles a year. World events are moving fast and coming to a strange place *where no man has ever been before*.

Article by Michael Snyder, (7.8.15). “*Ten very strange things that have never happened before.*” “The following are 10 very strange things that have happened in just the past few weeks. #1 On Wednesday, the New York Stock Exchange, United Airlines and the Wall Street Journal were all taken down by unexpected “technical glitches“. Authorities are assuring us that hackers were not responsible for any of this.

#2 In China, a full-blown stock market crash is unfolding. The Shanghai Composite Index has plummeted more than 30 percent in less than a month, and the Chinese version of the NASDAQ has dropped by more than 40 percent. The amount of “paper wealth” that has been lost in China is 15 times greater than the GDP of Greece.

#3 A few days ago, hackers were able to hack into a German surface-to-air missile battery... Well, this is absolutely terrifying. According to The Local newspaper, hackers attacked a German Patriot surface-to-air missile battery stationed along the Turkish-Syria border. The cyber attack caused the battery to carryout “unexplained” orders. It’s believed that cyber attackers managed to exploit the Patriot battery in two different ways. The first exploit was through the Sensor-Shooter-Interoperability, which controls interactions between the actual, physical missile launcher and its control system, while the other was on the guidance chip. These weaknesses could have allowed the hackers to steal data or, more worryingly, actually take control of the battery.

#4 This week, Barack Obama told reporters that “ the U.S. is speeding up the training of ISIL forces.”

#5 Just a few days ago, the U.S. Mint announced that they were sold out of American Eagle silver coins on the exact same day that the price of silver hit a new low for 2015. How does that make any sense?

#6 On June 30th, an unexpected blood moon was seen over a significant portion of the United States. This also happens to be the exact day when the Supreme Court gay marriage decision came out. The following is an excerpt from a recent article by Caiden Cowger... On June 30, 2015; a surprise blood moon appeared in the sky that was only seen in the United States. According to the National Weather Service, large wildfires in Canada have been burning. Due to extremely high winds, smoke from these fires has traveled into the United States. *Here’s what causes the effect:* As light from the moon or sun enters the atmosphere it gets scattered by particles like water, aerosols, and in this case smoke. Green, blue, and purple colors are sent in all directions but colors with longer wavelengths like red, orange and yellow continue through the atmosphere and remain visible to the human eye.

#7 A couple of weeks ago, we learned that Barack Obama has issued 19 “secret directives”. What is Obama planning, and why won’t he let the general public know about it?

#8 Even though NASA recently stated that they know of “no asteroid or comet currently on a collision course with Earth” and that “no large object is likely to strike the Earth any

time in the next several hundred years,” NASA has teamed up with the National Nuclear Security Administration to try to figure out a way to use nuclear weapons to destroy asteroids that are threatening our planet. If there is no threat, why spend so much time and energy on this?

#9 This week, Pope Francis called for the creation of “a new economic and ecological world order where the goods of the Earth are shared by everyone, not just exploited by the rich.” So exactly what would such a “world order” look like?

#10 The Greek people just overwhelmingly voted to reject austerity, so EU officials have responded by giving the Greek government a one week deadline to come to an agreement that will include even more austerity for the Greek people. If the Greek government does not submit, EU officials are threatening them with bankruptcy, the collapse of their banking system and expulsion from the euro.

Things promise to only get stranger from here. On July 15th, a massive military exercise known as “Jade Helm” took place. More than 1,000 members of the U.S. military took part in drills that were conducted in the states of Texas, Colorado, New Mexico, Arizona, Nevada, Utah, California, Mississippi and Florida.

“Then in September comes the end of the Shemitah year, the fourth blood moon of this tetrad, the launch of a radical new sustainable development agenda at the United Nations that is being endorsed by the Pope, and a vote on a UN Security Council resolution that would formally establish a Palestinian state.”

“And that is just the stuff that we know about. Could it be possible that the second half of 2015 will usher in a time of chaos and confusion on a worldwide scale?” Obama said he is speeding up of the training of ISIL (the Islamic State of Iraq and the Levant). He refuses to call it ISIS (Islamic State of Iraq and Syria), the terror group that it is. Why are we training forces of the Islamic state, our avowed enemies who say they are going to raise their flag over America’s White House? ISIS is causing disruption throughout the Middle East.

A documentary report has come through that indicates that the ISIS government is plotting to take over Pakistan and Afghanistan and help usher the remaining American troops out of Afghanistan by force. They want to take over the nuclear bombs of Pakistan and then to initiate nuclear war with India, dragging the rest of the world into war which is prophesied in Islam as the end of days.

China, Europe, Brazil, South Africa, and Turkey have crashed to multi-year lows. Investors are fleeing the emerging markets and commodity prices are crumbling. The Dow Jones is now down more than 650 points since July 20, and 480 companies of the New York Stock Exchange have hit new year lows and are the lowest for the past 52 weeks. Junk bonds are cratering. This happened just before the financial crisis in 2008. Now it is happening again. Do we learn from history and understand what is happening?

We are on the verge of a financial crisis and this one is going to be much worse than the last one according to Michael Snyder.

An expert who predicted the last two crashes (2001 and 2008) has now called out another one. Former economic professor and international financier at the University of Michigan says the markers of a financial collapse which appeared in the last financial stock market crashes have appeared once again in the week of July 17. He is sounding the alarm once again. It is quite rare for a market to set a new record high on a weekly closing basis and have 40 percent of all the stocks below the 200 day average at the same time. It is rare indication of the “last hurrah” on the stock market with 40 percent of the stocks falling. Once September and October roll in, the U.S. economy and the world economy is officially in the danger zone.

Investment advisor Larry Edelson and guru with the Weiss Report, says that for the first time since 1929, five massive powerful cycles will unite forming a super cycle with enormous destructive power. The last time these cycles converged was nearly nine decades ago and the world was plunged at that time into the great depression that lasted more than ten years. This time these super cycles will trigger a massive crash and begin a terrifying new epoch.

We have known this is going to happen. We live in an era in which government has amassed 275 trillion dollars in debt and obligations among the governments of the world. A new era about to begin with the collapse of society, and things built on that debt are going to come tumbling down. Edelson says we need to prepare for a 60 month long roller-coaster ride through hell (five years of chaos) in the economy. There will be no loan money available. The debt has grown too massive and can never be repaid. People are finally waking up to that fact. Investors are beginning to save their money and are taking it out of institutions, stocks and bonds. Money will be worthless and governments will not be able to print any more money. Thirty-nine million government employees and contractors in Europe and America will not have a paycheck, another 127 million people around the world who receive government assistance—food stamps, welfare, pensions, social security—will be in the streets. The governments will have no choice but to wage war on their own citizens. Governments will seize private savings, passports, homes and other properties on the flimsiest excuses.

Make no mistake how shocking this report is, and many will say it is too extreme. This is no idle prediction. Those who are unprepared stand the risk of loosing everything in this great crisis. Japan will collapse first, followed by Europe who is Japan’s number two trading partner. Europe will probably collapse later this year or next year which will break Japan’s back. Then the U.S., who is currently the world’s safest haven, will be the third area to crash.

Prepare your garden, get out of debt and call upon the Lord to guide His people through this catastrophe safely. Cry out to God, “Lord in your wrath remember mercy, and have mercy on your people, O Lord. Please bring them to repentance, that they can be saved.” Amen.
